

NWIRP Annual Gala 2023

Sponsorship Benefits

Northwest Immigrant Rights Project (NWIRP) is committed to defending and advancing the rights of immigrants throughout Washington State. For 38 years, NWIRP has provided direct immigration legal services for low-income immigrants in order to protect people from violence, keep families together, and provide new opportunities in work and education.

By sponsoring our Annual Gala, you will be recognized as a key member of the immigrant rights movement in front of our guests, including prominent local leaders, public officials, attorneys, union representatives, former clients, and other important members of our community.

Every sponsor will receive the following benefits

- Gala ticket(s) with a fair market value of \$100
- Company or organization's name promoted on event signage, program, and slideshow
- Pre-event recognition via our popular digital newsletter
- Social media promotion reaching an audience of 35,000
- Opportunities to connect with NWIRP supporters across geographies and backgrounds, as well as hear from leaders whom you may not normally work with.
- Public declaration of solidarity with NWIRP's values

Your tax-deductible sponsorship could also include

- Private luncheon for 10 with members of NWIRP's leadership team
- Additional admission tickets (fair market value of \$100 per each additional guest)

To Our Potential Sponsors,

As you may already know, after deep and thoughtful consideration, I have recently decided to step down from my role as executive director of Northwest Immigrant Rights Project, effective in June of 2023. Leading NWIRP for the past 15 years has been an unbelievable honor and I am grateful that the board of directors took a chance on me and allowed me to take on this role for the past decade and a half.

But even as this has been a dream job for me, I know it is also the right time for new leadership. I hope that our 2023 Annual Gala can be a time of celebration as we reflect on our impact over the past 15 years and look forward to the future. And whether you and your organization have been with us for many years or are just joining us for the first time, I also hope you will consider sponsoring and attending this special event.

With Gratitude,

Jorge L. Barón
Executive Director

NWIRP's Impact from 2020-2021

- 25,452 total number of people served through direct legal services and community education efforts
- 7,555 total number of case intakes completed
- 5,869 total number of cases closed
- 151 countries from which our clients originated
- 36 lawsuits placed by our impact litigation team
