Northwest IMMIGRANT RIGHTS Project

Our Story

Northwest Immigrant Rights Project (NWIRP) is a nationally-recognized legal services organization founded in 1984. Each year, we provide direct legal assistance in immigration matters to over 10,000 people.

We strive to achieve systemic change to policies and practices affecting immigrants through impact litigation, public policy work, and community education.

In 1984, NWIRP began as a collaboration of attorney and human rights groups formed to provide volunteer legal services for Central American refugees fleeing civil wars.

Over thirty years later, we remain the only non-profit immigration law firm in the Pacific Northwest providing individual legal assistance to immigrants while also changing systems of injustice.
